		<b>DIRECTORY OF PAVERS -- REPORT ACKNOWLEDGEMENTS</b>	
	<b>REPORT PURPOSE:</b> To identify the specific location -- by Section, Row and Paver number -- in the Loveland Veterans' Memorial where patriotic veterans, family members and visitors can locate the pavers for their patriotic family members who served in the military, friends who served, or pavers with messages non-specific to any one veteran.		
	In early October of 2017, this veteran found it difficult to find my father's paver in the Loveland Veteran's Memorial. Subsequent checking at the Blue Ash Veterans Memorial and paver makers in the U.S. found there did not appear to be a software program. Likewise, I was not able to find a smartphone app to locate pavers.		
	Therefore, as a Marine Corps veteran, retired civilian U.S. Army Information Management Officer, Genealogist, Author and Publisher, I decided to design, develop and document the following Directory of Pavers spreadsheet software program and report.		
	I approached Mr. Dave Kennedy, City Manager for the City of Loveland and offered to prepare a Directory of Pavers program and report for the benefit of the community. With Mr. Kennedy's assistance, Ms. Ann Gott provided me with a 48 page printout of the existing Veterans' Memorial pavers. Thirty pavers on each page, for approximately 1,400 pavers. The pavers contained up to 6 lines of inscriptions, and identify their specific address location in the Memorial.		
	From the 48 page report, I then proceeded to transfer significant information from the 6 lines of paver inscriptions into 8 columns of data elements in the newly created Directory of Pavers report. Page 2 outlines the column contents for each data element.		
	After a rough draft of the Directory of Pavers report was prepared, I then "walked" the Veterans' Memorial and eyeballed compared the new report to each paver in the site. I found this to be a slow process, and subsequently sent a request to David Miller, Editor and Publisher of the LovelandMagazine.com and sought his help in locating volunteers to assist me. David published my request on his website, and shortly thereafter several volunteers "answered the call."		
	I have been keeping the City of Loveland officials abreast of my progress by sending them periodic revisions of the report. Frequently daily. My hope is the City of Loveland will publish my report on their website by placing it on the Veterans' Memorial web-page.		
	My thanks to City of Loveland Officials Dave Kennedy, Misty Cheschire and Ann Gott; to Loveland Magazine Editor David Miller; and to volunteers Andy Batemen, Rachel Wiltburger, Christine (Golladay) Hassert, Nathan Hassert and Chris Mihalik.		
	Semper Fidelis! Walter D. Golladay

		<b>DIRECTORY OF PAVERS – REPORT INSTRUCTIONS</b>	
	<b>REPORT PURPOSE:</b>	To identify the specific location -- by Section, Row and Paver number -- in the Veterans' Memorial where visitors to the site can locate patriotic family members who served in the military, patriotic friends who served, or patriotic pavers with messages non-specific to one veteran.	
	<b>SECTION</b>	There are presently 6 defined Sections in the Loveland Veterans' Memorial. The Sections are numbered 1 thru 6.	
	<b>ROW(s)</b>	Within each Section, one will find 6 Rows, lettered A thru F.	
	<b>PAVER NUMBER</b>	the "Home #1" pavers are numbered, the veteran pavers are not. To find your Paver, one must begin counting from "Home paver #1, in your Section and Row.	
	<b>FIRST NAME, MIDDLE NAME, SURNAME AND SUFFIX -</b>	Self explanatory.	
	<b>MILITARY SERVICES, OR ALL SERVICES -</b>	Some veterans served in more than 1 military service, in a Reserve unit, or in a National Guard unit. For example, US Army, US Army Air Corps, US Army Air Force, US Navy, US Marine Corps, US Air Force, US Coast Guard, US National Guard, etc.	
	<b>MILITARY RANK; HIGHEST RANK HELD -</b>	Many veterans have held several ranks as they moved up through the chain of command. While a Paver may show a lower rank, the veteran is welcome to identify a higher rank to be listed in this report. Where rank is unknown, but a military occupational speciality is known, it is listed, e.g. Seabees, Medical Tech, Marine Raider, etc. Where <b>HIGHEST RANK</b> field is vacant, veterans and family members are encouraged to submit the missing military rank.	
	<b>YEARS SERVED; MILITARY SERVICE ONLY -</b>	Many veterans have served many years in the service to our county. In addition, the veteran may have broken years of service, seperated by a semi-colan. Where <b>YEARS SERVED</b> field is vacant, veterans and family members are encouraged to submit the missing years served while in the military.	
	<b>MILITARY CONFLICT(S); LOCATIONS &amp; / OR UNIT -</b>	Many veterans served in one or more Military Conflicts, e.g. Revolutionary War, War of 1812, Spanish-American War, World War I, World War II, Vietnam War, Persian Gulf War, etc. Where a veteran was Killed In Action, s/he is listed as KIA; Prisoner of War as POW; and Missing in Action as MIA. Where veterans served in a Military Command, Corps, Division, they are shown. Brigades, Battalions, Companies and lesser units are not shown. Where veterans were involved in a significant battle, that event is shown, Battle of Bulge, D-Day, Normandy, etc. Where veterans served on United States Naval Ship, they are shown, e.g. USS IOWA, DE 686, etc. Some veterans served during an era of military conflict, e.g. Cuban Missile Crisis Era, Vietnam Era, etc. Where <b>MILITARY CONFLICT</b> field is vacant, veterans and family members are encouraged to submit a reply. Samples are shown in this paragraph.	
	<b>LOVE-LAND</b>	The number in this column reflects the page number this Paver is listed on the Loveland Veterans' Memorial report. Thirty Pavers are listed per page, 48 pages in total.	
	<b>WHAT IS NOT SHOWN IN THIS REPORT -</b>	Dates of Birth and death. A separate column would be need to show these dates, and very few Pavers have this information listed. Medals, ribbons and awards. A separate column would be needed to show the awards; very few Pavers have this information listed; and many veterans would have too many awards to list in a reasonable fashion in this report.	
		The <b>DIRECTORY OF PAVERS</b> report was designed, developed and documented in October & November 2017 by Loveland resident Walter D. Golladay, USMC, 1961-1967. Life Member Marine, Chosin Reservoir Detachment 968, Marine Corps League, Deerfield Twp, Warren County, OH. Legionnaire, American Legion Post 256, Loveland, Clermont County, OH.	
		For assistance in finding your paver, please call 513-707-1439.	Please send paver report corrections and suggestions to: <a href="mailto:AGott@lovelandoh.gov">AGott@lovelandoh.gov</a>
