The City of Loveland requires that all contractors working within the water line system be bonded in the amount of $5,000. See attached Surety Bond form.

The undersigned hereby makes application for a permit to connect to the public water mains in the manner and location described as follows:

☐ New Service Number of Units _____ ☐ Residential ☐ Commercial

☐ Meter (Circle Size) ¾" ⅝" 1" Other: _____

The first ten (10) feet from pit to structure must be "K" Cooper

If a construction cut in a public street is necessary, a right of way permit will be required through the City Engineers office.

I hereby certify the above information is true and accurate and that I shall comply with all rules and regulations of the Water Department.
