**WHEREAS**, the City is already well engaged in addressing difficult challenges facing this community's future, including job creation, shaping the future of the community's utilities, grappling with the need to improve and repair the City's parks and playgrounds, and doing so at a time when economic conditions are the worst in more than a generation; and

**WHEREAS**, the Council of the City of Loveland and senior City staff met in an open work session on February 27, 2010, to discuss issues facing the City of Loveland and to set forth goals for the City Council for 2010.

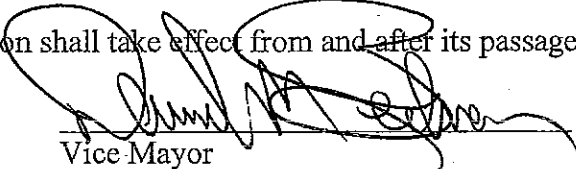

**NOW, THEREFORE BE IT RESOLVED** by the Council of the City of Loveland, Hamilton, Clermont, and Warren Counties, Ohio:

1. The City shall seek to control its own destiny regarding the delivery of utilities to provide the most cost-effect and sustainable services to the ratepayers.

3. The City shall continue its commitment to improve parks and recreational facilities by challenging our existing operating model, rigorously prioritizing needs, and creatively seeking alternative funding sources.
4. The City shall continue fulfilling its obligation to strong fiscal stewardship of taxpayer dollars through ongoing improvement in effectiveness of all operational and capital investments.

**Section 2.** That City Council hereby directs the City Manager to commence implementation of these goals through 2010 and further directs the City Manager to provide periodic updates on implementation progress.
