

**LOVELAND CITY COUNCIL
REGULAR MEETING MINUTES
Tuesday, November 24, 2009**

**Call to Order &
Pledge of Allegiance**

Mayor Weisgerber called the meeting of the Loveland City Council to order at 8:01 p.m. The Pledge of Allegiance was recited.

Roll Call

Council Members Present: Vice Mayor David Bednar, Paul Elliott, Mark Fitzgerald, Mayor Robert Weisgerber, Joseph Schickel, Todd Osborne and Brenton Zuch.

**Recognition of Audience
Members**

Also Present: City Manager Thomas Carroll, Assistant City Manager Jeffrey Wright, Solicitor Frank Klaine, Clerk of Council Misty Cheshire, Finance Director Bill Taphorn, Assistant Finance Director Harry Steger, Assistant to the City Manager Amanda Stephany, Police Chief Tim Sabransky, Council Member Elect Linda Cox, and Police Specialist Ray Shockey.

**Persons appearing
before Council
Joseph Schickel
Presentation**

Mayor Weisgerber presented out-going Councilman Joseph Schickel with a map of the City of Loveland and a plaque thanking him for his eight years of service to the Loveland City Council, two-years serving as Vice Mayor.

Councilman Schickel thanked everyone for the gifts and said that he was appreciative of his fellow Council Members. Loveland has a wonderful administration and staff, making his job easier. He specifically thanked the City Manager, Police Chief, and Fire Chief. Mr. Schickel gave his biggest thanks to his wife, who tolerated him being gone during family activities. He thanked all the Loveland residents that elected him twice to serve on City Council.

**Jeffrey Wright
Proclamation**

Mayor Weisgerber recognized Assistant City Manager Jeffrey Wright as being an asset to the City of Loveland, noting that he has brought jobs into the community and created revenue far exceeding his own salary. Mayor Weisgerber presented a proclamation to Mr. Wright thanking him for his service to the City of Loveland and wishing him well with his new position in Miami Township.

Mr. Carroll thanked Mr. Wright for his service to Loveland and wished him well. He referenced the 2010 Budget, which shows that the City is in great financial health, due largely in part to Jeff Wright. In 2008 and 2009, Loveland added jobs in a recession, brought more companies and jobs to the community than were lost, allowing the City to maintain staffing and services to the community.

Mr. Wright expressed his gratitude for the kind words. He stated that the City has very strong leadership and administrative faculties. The residents of Loveland are very proud of their community and should be. Mr. Wright stated that he appreciated the opportunity he had to work for the City of Loveland and plans to visit the community often.

Open Forum

No one registered to speak during open forum.

Approval of Minutes

Mr. Elliott moved to approve the minutes of the November 10, 2009 City Council Meeting, seconded by Vice Mayor Bednar. Roll Call: Elliott, Yes; Fitzgerald, Yes; Osborne, Yes; Schickel, Yes; Weisgerber, Yes; Zuch, Yes; Bednar, Yes. The motion carried.

**City Manager's Reports
& Memorandums**

Memorandum 107
Second Street
Improvements Bid
Opening

This report detailed the bid results for the Second Street Improvements and recommended that a contract be awarded to Panetta Excavating, Inc., the low bidder for the project. The bid price was below the City Engineer's estimate and funds are available in 2009 from an Ohio Public Works Commission 50% grant valued at \$66,575.

Mr. Elliott pointed out that all but two bids came in below the engineer's estimate. Mayor Weisgerber added that the lowest bid was 25% below the engineer's estimate, which is a sign that companies are hungry for work.

Vice Mayor Bednar asked when the project would begin. Mr. Carroll stated that the contract needed to be awarded prior to the end of 2009 and construction would likely begin in 2010.

Memorandum 108
Water Line Replacement
on Wall Street between
Ohio and Betty Ray Bid
Results

This report detailed the bid results for the "Water Line Replacement on Wall Street between Ohio and Betty Ray" project and recommended that a contract be awarded to Cox Paving Incorporated. The bid price was below the City Engineer's estimate and funds are available in 2009 from an Ohio Public Works Commission zero percent loan.

Vice Mayor Bednar noted that the City received a grant in the amount of \$564,600 and the lowest bid came in at \$413,000. He asked if the City would be returning roughly \$150,000 back to the District. Mr. Carroll stated that the City did not receive a grant for this project; it was a zero percent loan therefore the City will actually be borrowing less.

Mayor Weisgerber added that the lowest bid for this project was 20% lower than the engineer's estimate.

Memorandum 109
2010 Wages,
Classifications and
Benefits

The Agenda included two ordinances regarding pay and benefits for non-bargaining City employees. The first will set 2010 wage rates and the second will clarify language in the City's fringe benefits code.

Mr. Fitzgerald asked if the City had a police captain. Chief Sabransky stated that the police captain was the position he held prior to being appointed to police chief. The police captain position is currently being rotated through the sergeants. Mr. Carroll noted that the City is completing the second of three eight-month rotations. During the rotation the sergeants will receive acting pay.

Mr. Fitzgerald asked what was driving the spike in worker's compensation. Mr. Carroll replied that worker's compensation could be affected highly by injuries but the City of Loveland had a good safety record. He stated that problems with the State of Ohio Worker's Compensation Fund are driving the increases. He noted that the rates have doubled over the past few years due to the worker's compensation insurance pool and its performance in the stock market.

Mr. Fitzgerald noted that the legislation lists the Financial Analyst position as a Class VII; he believed that a Class VI classification would be appropriate. Based upon the information he has learned about the position, he thought the Financial Analyst position was comparable to an Administrative Assistant or a Maintenance Crew Leader more than an Executive Assistant or Assistant to the City Manager.

Mr. Elliott stated that Council was provided with two ordinances, one for a three (3) percent increase and the other for a one and one-half (1.5) percent increase. He asked if an employee made the actual salary ceiling amount listed on the legislation. Mr. Carroll explained that the ceiling amount is the most an employee

Memorandum 110
Reimbursement for Capital
Expenditures

can receive in their classification. Employees may actually make less than the ceiling amount depending upon their experience, performance, and tenure, but will not be paid less than the ceiling amount of the next lowest classification.

This memorandum discussed an ordinance to allow for a reimbursement to the General Fund for the financing of the Lever Park Project. This project was expected to be funded with debt, though the City never issued the debt to pay for it and should City Council elect to do so in 2010, this ordinance will enable the City to pay itself back from debt proceeds for the Lever Park project. There was no further discussion.

Memorandum 111
Proposed Debt

This report outlined four emergency ordinances, all relating to debt issues staff recommends be made before the end of 2009. The goal is to save ratepayer dollars by refinancing 1998 water debt, borrow funds for Lever Park improvements already underway, and finance a portion of the Department of Public Works' vehicle acquisition for 2010.

Vice Mayor Bednar stated that the 2010 budget included improvements to Lever Park and Public Works vehicles. He asked if this would put more money back into the General Fund. Mr. Carroll noted that in addition to the loan, which the City will repay over the next five years, funds from the General Government type funds and Enterprise funds will be used for these projects. The debt is included in the 2010 draft budget.

Memorandum 112
Mayors Court Fee
Schedule

This report accompanied legislation to pass along increased court costs mandated by the State of Ohio. On October 16, 2009, all courts were required to remit an additional \$5.00 or \$10.00 fee, depending on the violation for traffic, parking and criminal cases. Unless Council takes action, the additional state-mandated fee will be absorbed by the City. There was no further discussion.

Memorandum 113
Revisions to
Appropriations for 2009
and 2010 Appropriations

The agenda included two ordinances that establish spending limits and authorities for the 2009 fiscal year that is ending and the 2010 fiscal year that is rapidly approaching. Both budgets are balanced and reflect stable financial conditions for the City. There was no further discussion.

Memorandum 114
Councilmanic Worksheet
Updates

This report updated City Council on three issues: Park Avenue stormwater update, wireless internet access (WiFi) for public access, and televising School Board meetings.

Mr. Fitzgerald moved to remove wireless internet access (WiFi) for public access from the Councilmanic Worksheet, seconded by Vice Mayor Bednar. Roll Call: Fitzgerald, Yes; Osborne, Yes; Schickel, Yes; Weisgerber, Yes; Zuch, Yes; Bednar, Yes; Elliott, Yes. The motion unanimously carried. Staff will keep this item on its radar screen and if WiFi becomes more feasible staff will bring a proposal back to Council.

Following a brief discussion regarding the School Board's lack of interest to televise their meetings, Mr. Fitzgerald moved to remove televising School Board meetings from the Councilmanic Worksheet, seconded by Vice Mayor Bednar. Mr. Osborne and Mr. Zuch favored keeping this item on the worksheet. Roll Call: Osborne, No; Schickel, Yes; Weisgerber, Yes; Zuch, Yes; Bednar, No; Elliott, Yes; Fitzgerald, Yes. The motion carried with a vote of 5-2.

Committee Reports
Finance Committee

At the last Finance Committee meeting the committee discussed rekeying City Hall but the motion to add it to the special project budget failed by a vote of 3-3. Mr. Osborne thought the City should update its security system technology at City Hall.

Mr. Osborne moved to direct staff to obtain proposals for updating the security system technology at City Hall, including magnetic keys, seconded by Vice Mayor Bednar.

Council discussed the advantages and costs of installing a keyless entry system at City Hall verses rekeying the building. Mr. Elliott stated that it would be less expensive to rekey the building and felt that a computerized entry system wasn't warranted.

Mr. Elliott moved to requested that staff provide Council with a 6 to 8 year history of the use of the building, any theft, damages or break-ins that have resulted due to the lack of security system. The motion died for lack of a second.

Mayor Weisgerber stated that he expected staff, as part of their due diligence, would look at the history of rekeying the building and any security issues that have occurred at the building.

Mr. Carroll noted that several organizations use the building and someone could have the key copied. Some keys have been lost or not returned. In some instances, the City has had difficulty getting keys back from former employees. Mr. Carroll stated that it was a good business practice to have facilities rekeyed on occasion to prevent security issues. Mr. Carroll noted that security was not an acute problem at this time.

Mr. Zuch stated that rekeying City Hall would be one-third (1/3) of the cost to upgrade to a more sophisticated system with greater accountability. He noted that City Hall contained the personal financial information of our citizens as well as historical items.

Mr. Fitzgerald questioned why the Finance Committee discussed this expenditure. This government is a \$7 Million operation. The City Manager is responsible for seeing that buildings are appropriately keyed and secure. He thought the time, resources, and skill-set of the Finance Committee and Council should be elevated. Mr. Fitzgerald noted that the City Manager has the authority to make purchases under \$15,000 and if an expense exceeds that threshold the expense should be in the budget. He said that Council was doing itself a disservice by micro-focusing on this item.

A roll call vote was taken on the motion to direct staff to obtain proposals for updating the security system technology at City Hall, including magnetic keys, seconded by Vice Mayor Bednar. Roll Call: Schickel, Yes; Osborne, Yes; Weisgerber, Yes; Zuch, Yes; Bednar, Yes; Elliott, No; Fitzgerald, No. The motion carried with a vote of 5-2.

Mr. Elliott requested that board and committee secretaries reflect how each member votes on a motion.

Communications

Mr. Fitzgerald referenced a letter from OKI Regional Council of Governments regarding the appointment of a representative to the Board of Directors. Mr. Fitzgerald stated that he currently served on this Board and would be willing to continue. Mayor Weisgerber noted that appointments to boards and committees would be made at a later date.

Review of Councilmanic Worksheet

Park Avenue Stormwater Update

Mr. Osborne moved to remove the Park Avenue Stormwater Update from the Councilmanic Worksheet, seconded by Mr. Fitzgerald. Roll Call: Weisgerber, Yes; Zuch, No; Bednar, Yes; Elliott, No; Fitzgerald, Yes; Osborne, Yes Schickel, Yes. The motion carried with a vote of 5-2. Staff will continue to monitor this issue.

Mid-Season Snow Removal Update

Mr. Osborne moved to add a Mid-Season Snow Removal Update to the Councilmanic Worksheet, seconded by Mr. Zuch. Following a brief discussion a roll call vote was taken: Zuch, Yes; Bednar, Yes; Elliott, No; Fitzgerald, No; Osborne, Yes; Schickel, Yes; Weisgerber, Yes. The motion carried with a vote of 5-2. This update will occur in February.

Council discussed the possibility of adding a Leaf Pickup Update to the Councilmanic Worksheet but no action was taken.

Old Business

RFP Infrastructure for the Downtown Development Job Creation Project

Mr. Osborne moved to direct staff to advertise for a Request for Proposal (RFP) for the construction of parking lot and stormwater infrastructure on City owned properties/Downtown Development and Job Creation Project, seconded by Vice Mayor Bednar.

Mr. Elliott asked if the low bids for the Second Street and the Historic Loveland waterline replacement were driving this motion. Mr. Osborne stated that the City had two grants for this development and should take advantage of the current economy climate.

Mr. Carroll stated that the City is not ready to bid this project and would need at least 3 to 5 weeks to be in a position to bid this project. City Engineer Klopfenstein has received a permit to install from Ohio EPA and Mr. Wright secured \$450,000 in grant funds. If the City doesn't bid this project prior to April 2010 the City will run the risk of forfeiting the money or would be required to get permission to extend the grant term.

Mr. Fitzgerald suggested this matter be discussed at Council's goal setting session in January or February. He noted that the existing Memorandum of Understanding with the redevelopment group expires at the end of the year. Mr. Fitzgerald suggested Council time the construction project with the development, timing a construction project just because the City is in a dormant economic time wasn't a reason to expend funds on infrastructure. Mr. Fitzgerald stated that he would like to see the underground infrastructure and parking lot done in concert with the commercial development.

Mr. Zuch said that the infrastructure would be in the same location no matter how the project unfolds. If the City can benefit from a downed economy, he believed the City should move forward with the project.

Mayor Weisgerber asked how administration would proceed if this motion passes. Mr. Carroll said that staff would complete design and advertise construction of the project. Then bids would be opened within the next 6-10 weeks. If a bid is awarded, underground stormwater detention and parking lot improvements would be constructed.

Mayor Weisgerber asked staff to discuss the details of the grant. Mr. Wright stated that the \$250,000 ARC Grant from Ohio Department of Development requires the funds to be expended and the contract closed in November of 2010. The CDBG grant requirements are more lax, the City would have to ask for one year rollovers and would need to expend the funds prior to 2012.

	<p>A roll call vote was taken on the motion to direct staff to advertise for a Request for Proposal (RFP) for the construction of parking lot and stormwater infrastructure on City owned properties/Downtown Development and Job Creation. Roll Call: Bednar, Yes; Elliott, No; Fitzgerald, No; Osborne, Yes; Schickel, Recused; Weisgerber, Yes; Zuch, Yes. The motion carried by a vote of 4-2.</p>
Council Decorum	<p>Mr. Zuch noted that he received a communication from a resident after the last meeting regarding Council's decorum. He encouraged Council to be professional and responsible for their actions and to keep comments about issues not people.</p>
Schickel Thank You	<p>Mr. Carroll, on behalf of staff, expressed appreciation for Mr. Schickel's eight years of service and support to staff.</p>
<p>New Business Resolution 2009-70 Second Street Improvement Bid Award</p>	<p>Mr. Osborne introduced a resolution authorizing the City Manager to enter into a contract with Panetta Excavating, Inc. for the Second Street Improvement Project. There was no further discussion. Roll Call: Elliott, Yes; Fitzgerald, Yes; Osborne, Yes; Schickel, Yes; Weisgerber, Yes; Zuch, Yes; Bednar, Yes. The motion carried adopting Resolution 2009-70.</p>
<p>Resolution 2009-71 Historic West Loveland Waterline Replacement Project Bid Award</p>	<p>Mr. Osborne introduced a resolution authorizing the City Manager to enter into a contract with Cox Paving, Inc. for the Historic West Loveland Waterline Replacement Project. There was no further discussion. Roll Call: Fitzgerald, Yes; Osborne, Yes; Schickel, Yes; Weisgerber, Yes; Zuch, Yes; Bednar, Yes; Elliott, Yes. The motion carried adopting Resolution 2009-71.</p>
<p>Amendment to Chapter 115 of the Loveland Code of Ordinances</p>	<p>Mr. Osborne introduced for first reading an ordinance amending Chapter 155 of the Loveland Code of Ordinances to provide for fringe benefits and working conditions and other special provisions for permanent full-time, non-union employees of the City of Loveland.</p> <p>Mr. Fitzgerald moved to amend Section 2 of the ordinance to read "All overtime must be authorized by the City Manager <i>or the City Manager's designee</i>", seconded by Mr. Elliott. Roll Call: Osborne, Yes; Schickel, Yes; Weisgerber, Yes; Zuch, Yes; Bednar, Yes; Elliott, Yes; Fitzgerald, Yes. The motion carried with a vote of 7-0.</p> <p>Mr. Carroll noted that Council was provided with a red-lined ordinance identifying the proposed changes. Within the ordinance, the City is clarifying overtime rules to comply with the Fair Labor Standards Act. The ordinance also included a one-time provision to allow employees to carry-over an additional 100 hours of vacation time. The last change clarifies vehicle usage and mileage reimbursements.</p>
<p>2010 Amendment to Salary Ceilings and Position Classifications</p>	<p>Mr. Osborne introduced for first reading an ordinance amending the salary ceilings and position classifications of non-union City employees for 2010 by three percent.</p> <p>Mr. Fitzgerald moved to reduce the wage classification for the Financial Analyst position from a Class VII to a Class VI, seconded by Mr. Elliott. Mr. Carroll briefly discussed the Financial Analyst position. Roll Call: Schickel, Yes; Osborne, Yes; Weisgerber, No; Zuch, No; Bednar, Yes; Elliott, Yes; Fitzgerald, Yes. The motion carried by a vote of 5-2.</p> <p>Vice Mayor Bednar asked if the City was limited to the number of position that could be in a specific position class. Mr. Carroll replied that this ordinance would set the position classifications.</p>

Mr. Elliott noted that Council was provided with two ordinances, one with a 1.5% salary increase and one with a 3% salary increase. He noted that staff was recommending a 3% raise and he recommended a 0% increase at the Finance Committee Meeting. He stated that many residents are not getting a raise or are out of work, making this a bad time to increase costs. He thought money should be given back to the tax payers.

Mr. Zuch said that the Finance Committee discussed several variations to the 3% salary increase. He said that one recommendation was for 0% and the others were for 3%. Mr. Zuch stated that he sympathized with residents who have not had raises or that are unemployed. City employees do an excellent job, Loveland has a balanced budget, and just because some people are hurting he didn't think it was fair to require staff to share the misery. Mr. Zuch stated that this issue represented a miniscule portion of the City's budget. He noted that the Police Department's contract calls for a 3% increase and other employees should receive the same amount.

Mr. Elliott replied that the Finance Committee minutes reflect discussions about pay for performance; Mr. Hothem and Mr. Bednar advocated for a 1% increase in January with an additional 2% available later in the year; Mr. Rost recommended a 2% increase with an additional 1% available later in the year. Vice Mayor Bednar pointed out that Mr. Veroni recommended a 0% increase. Mr. Elliott referenced Miami University noted that people are being laid-off, forced to retire early, and were having their wages frozen. He stated that Loveland's rationale is "we are doing more with less so we want to be rewarded," which is contradictory. He said that it seems that sometimes we forget where the money is coming from.

Mr. Zuch stated that one reason the budget is balanced and layoffs are not being considered and salaries are not being frozen is because the City is doing more with less. He said that Loveland has a lean and mean staff. The City offers a lot of services to the resident, which they appreciate according to surveys. He compared Loveland's services with the surrounding townships and said that the budget works because the City is doing more with less and by not rewarding employees Council runs the risk of losing talented employees.

Mr. Carroll stated that the City staff is always mindful of who we work for, who pays the bills and where the money comes from.

Mayor Weisgerber stated that he recognizes where the money comes from; what the purpose of this body is; and the importance and ability to continue to provide services to tax and rate payers. He stated that the City has the discipline in place to keep the budget balanced while still being able to provide valuable services to the residents. He stated that other businesses were making cuts in order to survive. He supported a 3% increase.

Reimbursement for Capital Expenditures

Mr. Osborne introduced for first reading an ordinance delegating authority to make declarations of official intent and allocations with respect to reimbursements of temporary advances during 2009 and 2010 made for capital expenditures for capital improvements in the City to be made from subsequent borrowings. There was no further discussion.

Ordinance 2009-72
Mayors Court Fee
Schedule

Mr. Osborne introduced an ordinance revising fees to be charged for traffic, general offense, business regulation and street, utility and public service violations.

	<p>Vice Mayor Bednar moved to suspend Council Rules to allow this legislation to have one reading, seconded by Mr. Osborne. Roll Call: Weisgerber, Yes; Zuch, Yes; Bednar, Yes; Elliott, Yes; Fitzgerald, Yes; Osborne, Yes; Schickel, Yes. The motion unanimously carried.</p> <p>A roll call vote was then taken on the legislation: Zuch, Yes; Bednar, Yes; Elliott, No; Fitzgerald, Yes; Osborne, Yes; Schickel, Yes; Weisgerber, Yes. The motion carried with a vote of 6-1 adopting Ordinance 2009-72.</p>
Revisions to the 2009 Appropriations	Mr. Osborne introduced for first reading an ordinance to make revisions to appropriations for expenditures of the City of Loveland, State of Ohio, during the fiscal year ending December 31, 2009. There was no further discussion.
2010 Appropriations	Mr. Osborne introduced for first reading an ordinance setting forth and authorizing appropriations for the 2010 fiscal year. There was no further discussion.
Ordinance 2009-73 Water System Bond (Emergency)	<p>Mr. Osborne introduced an ordinance providing for the issuance of not to exceed \$1,385,000 of bonds by the City of Loveland, Ohio, for the purpose of refunding bonds issued to pay the cost of constructing improvements to the water system in the City, and declaring an emergency. There was no further discussion.</p> <p>Roll Call: Bednar, Yes; Elliott, Yes; Fitzgerald, No; Osborne, Yes; Schickel, Yes; Weisgerber, Yes; Zuch, Yes. The motion carried with a vote of 6-1 adopting Ordinance 2009-73.</p>
Ordinance 2009-74 Park Improvement Bond (Emergency)	<p>Mr. Osborne introduced an ordinance providing for the issuance of not to exceed \$150,000 of bonds by the City of Loveland, Ohio, for the purpose of constructing park improvements in the City, and declaring an emergency.</p> <p>Vice Mayor Bednar stated that the City had already planned to borrow this money in 2009. He asked if the City would save money by issuing bonds for the project. Mr. Carroll stated that the City budgeted for this expense and the bond revenue in the 2009 budget.</p> <p>Roll Call: Elliott, Yes; Fitzgerald, No; Osborne, Yes; Schickel, Yes; Weisgerber, Yes; Zuch, Yes; Bednar, Yes. The motion carried with a vote of 6-1 adopting Ordinance 2009-74.</p>
Ordinance 2009-75 Road Equipment Bond (Emergency)	Mr. Osborne introduced an ordinance providing for the issuance of not to exceed \$120,000 of bonds by the City of Loveland, Ohio, for the purpose of road equipment acquisition in the City, and declaring an emergency. There was no further discussion. Roll Call: Fitzgerald, No; Osborne, Yes; Schickel, Yes; Weisgerber, Yes; Zuch, Yes; Bednar, Yes; Elliott, Yes. The motion carried with a vote of 6-1 adopting Ordinance 2009-75.
Ordinance 2009-76 Consolidation of the Prior Bonds (Emergency)	<p>Mr. Osborne introduced an ordinance providing for the issuance of not to exceed \$1,655,000 of various purpose bonds, Series 2009, by the City of Loveland, Ohio, for the purpose of constructing park improvements, acquiring road equipment, and refunding bonds originally issued to construct improvements to the water system in the City, and declaring an emergency.</p> <p>Mr. Fitzgerald stated that Council approved \$1,655,000 of debt and the City has \$7 Million in general government revenues. The Finance Committee and this Council spent many minutes, maybe hours, discussing \$20,000 or \$6,000 to rekey City Hall and a 0% or 3% raise which averages out to be about \$90,000. He didn't see the Finance Committee minutes mention any discussion about the debt nor</p>

was it mentioned at Council's table. Roll Call: Osborne, Yes; Schickel, Yes; Weisgerber, Yes; Zuch, Yes; Bednar, Yes; Elliott, Yes; Fitzgerald, No. The motion carried with a vote of 6-1 adopting Ordinance 2009-76.

Executive Session

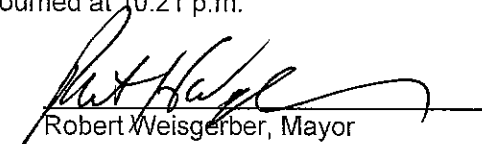

Mr. Osborne moved to adjourn to Executive Session under Ohio Revised Code Section 121.22 (G)(1) to discuss personnel, seconded by Mr. Zuch. Roll Call: Schickel, Yes; Osborne, Yes; Weisgerber, Yes; Zuch, Yes; Bednar, Yes; Elliott, Yes; Fitzgerald, Yes. The motion unanimously carried, Council adjourned to Executive Session at 10:03 p.m.

Reconvene

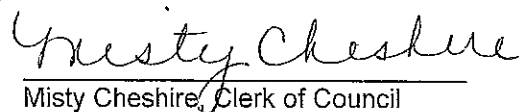

At 10:20 p.m., Vice Mayor Bednar moved to reconvene in regular session, seconded by Mr. Fitzgerald. The motion carried by unanimous consent.

Adjournment

There being no further business. Mr. Osborne moved to adjourn the meeting, seconded by Mr. Elliott. The motion carried by unanimous consent. Mayor Weisgerber declared the meeting adjourned at 10:21 p.m.

Robert Weisgerber, Mayor

Misty Cheshire, Clerk of Council
